

Rob Hart

Camera Operator / Steadicam Operator

m: 07739473120

e: rob@robhart-steadicam.com

w: www.robhart-steadicam.com

"I've known Robert Hart for many, many years in his professional capacity. He is an extremely good operator and has in depth knowledge of the kit, especially the steadicam. My perfect film crewmember is an expert in his chosen field and a team player; someone you can completely trust. Robert is one of those people."

Roger Pratt BSC DOP (Twelve Monkeys, Troy, Chocolat, Harry Potter and the Goblet of Fire)

"Rob worked with me as an operator on the last six films I've shot. Rob is an innovative and creative operator, who is able to work fast without losing sight of the whole picture or the small details, whilst retaining a sense of humour. His creative input and ability to seamlessly work with the team makes him a valuable addition to any crew, at any level and I cannot recommend him highly enough."

Ali Asad DOP (Rise of the Footsoldier, A Lonely Place to Die, The Wee Man, Doctor Who)

Rob is a camera operator, steadicam operator and owns a top of the range steadicam rig with a wide range of accessories. He is experienced in all aspects of operating, from geared heads, vehicle mounts to cranes and crane step offs. Rob has worked extensively on feature films, TV drama, promos and commercials, usually operating the A or B camera. He works fast and with a background in fine art, has a very imaginative eye and prides himself for his creativity in composition and story telling.
